

Happy
Birthday

Southern Hemisphere page prepared for the harmonization of global birthday card production.

Please ensure that all cards are recycled to comply with current regulations.

Warning paper can cut, please wear the appropriate safety gear when handling paper.

Please ensure that you are within your EU card receiving quota.

Contents: This card is made from paper and has ink printed upon it.

Nutritional Information: Fibre 100%

Not for human consumption

Should only be fed to silverfish

There is no Latin in this card to ensure that council workers are not compromised, and or confused, to meet with new regulations within local council text guidelines.

A Silly Card Production, by a poor fellow who might possibly have lost his marbles. If you see any stray marbles please ask them to report to the Silly Card Production head office. Thank you. Please note the government will soon be introducing ID cards for all marbles, this will ensure that people do not loose their marbles.
